

CÉLIA

by Miniforms Lab

Célia inserisce contaminazioni dal sapore Art déco anni '20 in un contesto attuale e d'impatto. Protagonista è il decoro, che ci ricorda quanto una trama possa arricchire un'ambiente, dialogando con materiali differenti come il legno e il rame. Le ante si aprono a libro mentre il pattern è serigrafato sul frassino o sul noce.

Célia takes inspiration from the Art déco movement of the 1920s and brings it to a current, high impact context. The protagonist is the decoration which reminds us just how much a weave can enrich an environment, conversing with different materials such as wood and copper. The doors open like a book whilst the pattern is silk-screen printed on ash or walnut.
